**DETAILED ACTION**

***EXAMINER'S AMENDMENT***

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with James D. McFarland on March 28, 2006.

The application has been amended as follows:

**IN THE CLAIMS:**

Claims 17-24, 26-33, and 38 have been canceled.

***Allowable Subject Matter***

2. Claims 1-12, 15, 16, and 39-55 are allowed.
3. The following is an examiner's statement of reasons for allowance:

U. S. Publication 2004/0043726 to Rowitch is the reference closest to the claimed invention. Rowitch discloses a method of estimating a parameter of a local maxima or minima of a function comprising: performing interpolation on samples of the function at or near a local maxima or minima, resulting in an interpolated local maxima or minima; deriving an interpolation offset comprising a deviation between locations of the interpolated local maxima or minima and a sampled local maxima or minima; and deriving an estimate of the parameter from

the interpolation offset. However, the rejection is overcome because declaration filed February 2006 indicates the sole inventor of the Rowitch reference is Douglas N. Rowitch, who is a joint inventor of the claimed invention, and also shows that Mr. Rowitch conceived or invented the subject matter disclosed in that patent publication. See MPEP § 715.01(a) and 716.a.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
